How to Give Account Permission to Another User

1. Log in to CORES: https://cores-usc.mis.vanderbilt.edu
   Enter your USC (Shiboleth) user name and password

2. Select Resource User in the Maintenance Menu

3. Enter the person’s user name whom you wish to give permission to use your account(s).

4. Click .

5. Click  to confirm association.

6. Click  .
   Note: DO NOT CHANGE ANYTHING ON THE RESOURCE USER MAINTENANCE MENU.

7. By default, all your accounts are now associated to the user. If you need to disassociate specific accounts from the user, click on the Resource User’s name. Uncheck the specific accounts and click .
   You can also quickly check all or uncheck all accounts by toggling (Check All).
