Delroy	Taylor	QA

# TARA-related Systems and Interfaces

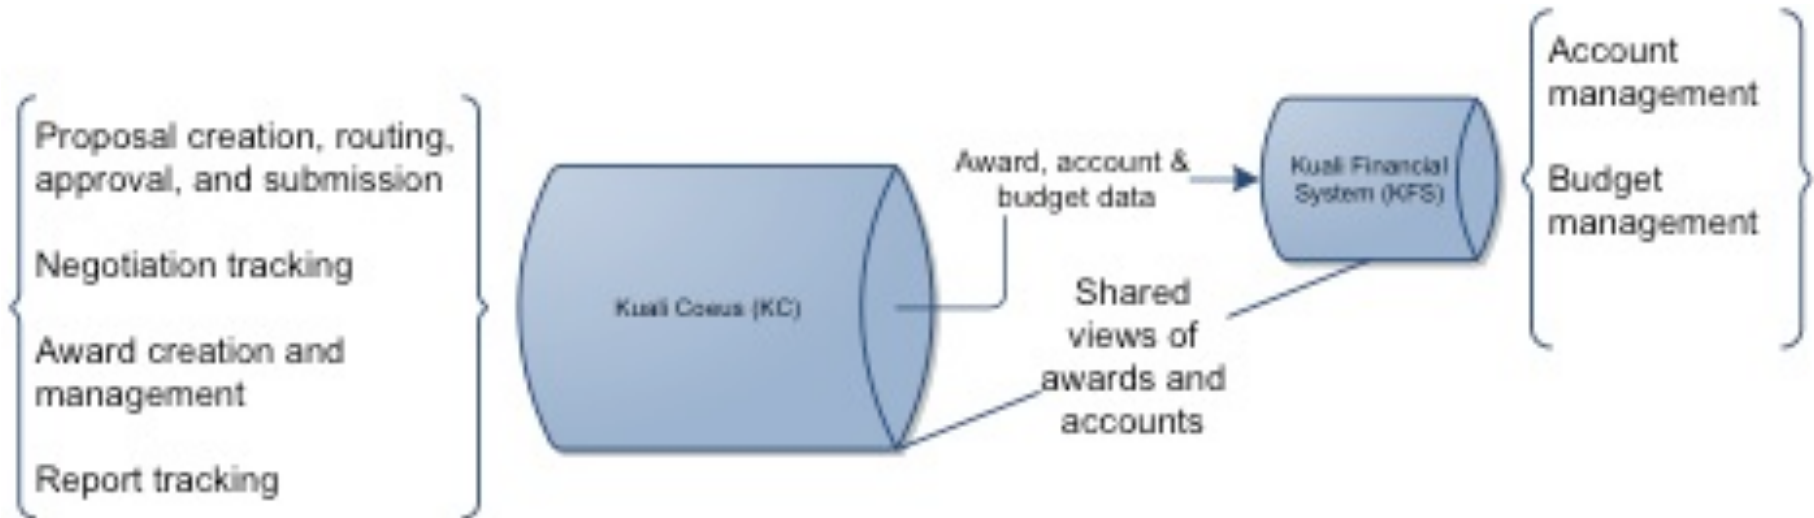

# Interface Timeline

Today: 6/15/2012

# KC and KFS

KFS accounts and budgets are set up via a feed from KC.

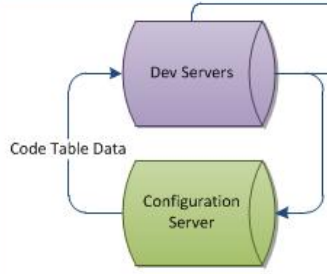

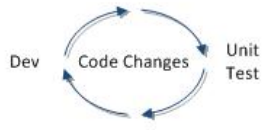

Search queries in KC and KFS allow users to look up and view the awards and accounts they have access to.

# Timing

- What will be there:
  - KFS
  - IRB and IACUC
- Coming soon:
  - diSClose
  - Effort Certification
  - CORES
  - Workday

# Behind the Scenes

KC Post-Award Development, Testing, and Rollout Framework				
	Development	Testing	Staging (User Testing & Training) 7/15/12 – 8/31/12	Production 9/1/12 – 12/31/12
Purpose	Develop system customizations and new functionality; Configure code tables with USC data.	Test KC, including customizations and bug fixes, with USC configured data, security, and connections to KFS.	Demo the system, perform user testing, and provide user training in a copy of the production environment.	Use KC Post-Award for creating and managing real-world awards at central offices and in the units.
Who	 Developers  Business Analysts	 Quality Assurance  Business Analysts	 Business Analysts  User Community: Limited	 User Community: Limited, then phased roll-out to all
Server(s)				
Code Refresh	Not Applicable	Weekly	On demand	On demand
Workflow				

# When and Who

- Testing – mid July
- Training – mid August
