DEPARTMENT OF CONTRACTS & GRANTS
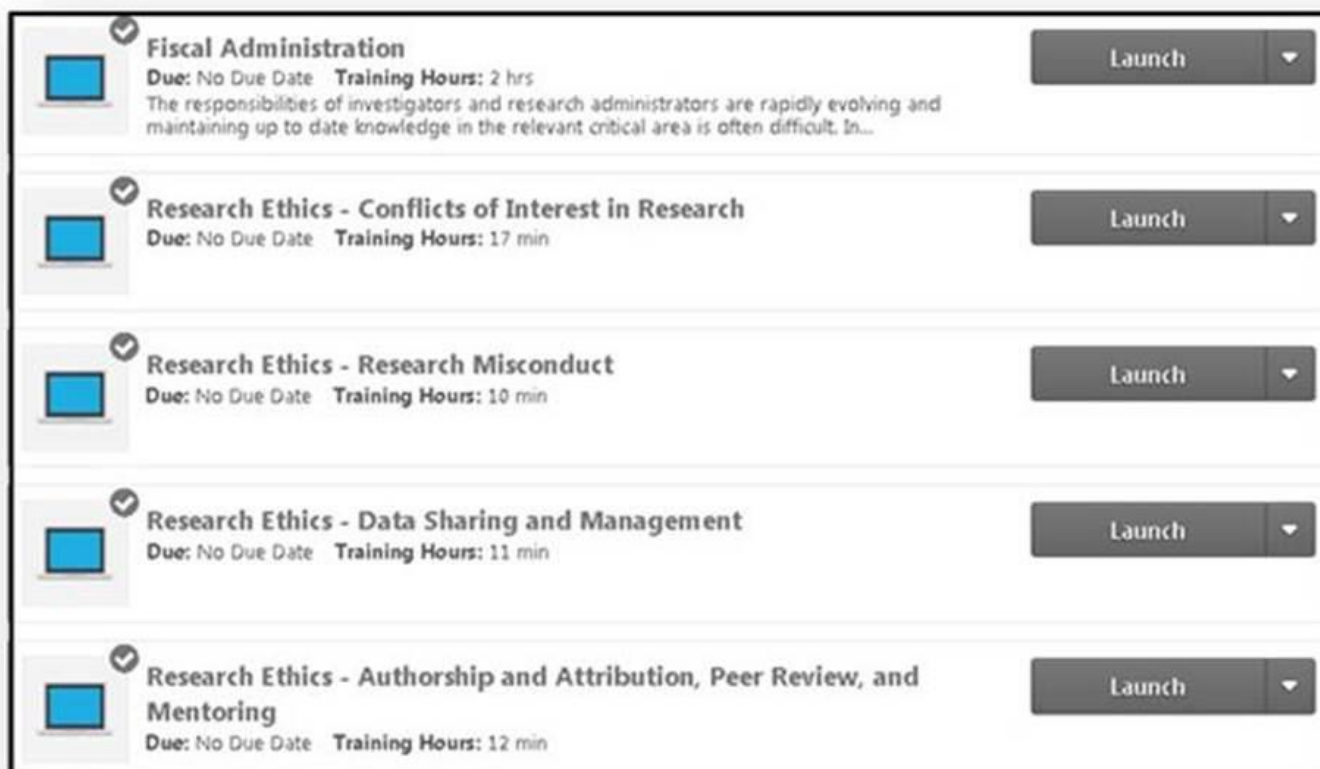

YOUR PARTNER IN RESEARCH ADMINISTRATION

NewsFlash!

Announcement: Currently, the Grants Management Training for Faculty Program consists of a single course that covers fiscal-administrative issues related to grants management. Effective **July 1, 2016**, the program will be expanded to include an additional series of four individual lessons (totaling approximately one hour in duration) developed by the Office of Compliance. The topics for the new lessons cover issues related to research ethics and include:

- Conflict of Interest
- Research Misconduct
- Data Sharing and Management
- Authorship and Attribution, Peer Review, and Mentoring

The program (totaling 3 hours) is required for all faculty prior to the award of their first sponsored research project as well as non-faculty designated as a named Principal Investigator/Program Director (PI/PD), Co-PI, or a Multi-PI, prior to the award of their first sponsored research project. Faculty who have completed the program previously <u>do not</u> need to take the training again.

Directions for registering for the program and launching the lessons can be found on the Grants Management Training for Faculty website.

Below is a screenshot of the updated program within Trojan Learn.

Questions? If you have any questions or need to verify the training status of a particular investigator, please email Noah Congelliere in the Department of Contracts and Grants.
