

NewsFlash!

Have you ever wondered if the Investigators identified on your proposal have completed the FCOI annual disclosure and training? Under the Key Personnel tab of the proposal eDoc, Quali Coeus (KC) will identify the FCOI disclosure and training dates for each named PI, Co-PI and/or project team member.

▼ hide Conflict of Interest Details	
Disclosure Expiration Date:	08/30/2016
Training Expiration Date:	08/30/2016
Posted Timestamp:	06/25/2015 02:12 PM

With the data now available in KC, when you identify faculty with Investigator roles in the Key Personnel tab, you will no longer need to upload diSClose screenshots to the “Abstracts and Attachments” section of the proposal eDoc. If you choose not to input all named Investigators in the Key Personnel tab, you will need to continue to upload diSClose screenshots documenting that the Investigator(s) have completed the required disclosure and training. DiSClose documentation should be uploaded to the “Internal Attachments” panel of the “Abstracts and Attachments” tab prior to routing the proposal to DCG for review and submission.
