

NewsFlash!

Please see the below guidance from the Council on Governmental Relations regarding the FY17 NIH Salary Cap.

The Council on Governmental Relations has received several inquiries regarding whether the Trump administration plans to revoke, modify or supersede the current [Executive Order](#) and Executive Level II Salary cap effective January 1, 2017. Although we note that the NIH has not updated their website with the current 2017 pay scale, institutions should budget according to the rate table posted on the Office of Personnel Management website found [here](#):

Effective January 2017

Level	Rate
Level I	\$207,800
Level II	\$187,000
Level III	\$172,100
Level IV	\$161,900
Level V	\$151,700

The full COGR report (released on February 14, 2017) can be found [here](#).
