

NewsFlash!

Announcement: The National Institutes of Health (NIH) has [announced](#) three important updates to their administrative supplement submission policies:

- Effective immediately, NIH will begin accepting administrative supplement applications for multi-project awards electronically. Since the administrative supplement applies to the parent award as a whole, the single-project application form package used for research grants and cooperative agreements will be used for these submissions (e.g., Competition ID= "FORMS-F-ADMINSUPP-RESEARCH.")
- Effective **July 25, 2020**, the streamlined submission method through the eRA Commons will be discontinued and replaced with the option to initiate the administrative supplement application within eRA Commons and leverage technology available in NIH ASSIST to complete submission.
- Effective **July 25, 2020**, all supplement applications to existing single and multi-project awards **must** be submitted electronically through Grants.gov using NIH ASSIST, Grants.gov Workspace, or institutional system-to-system (S2S) solutions (such as our Cayuse 424 portal).

Questions? If you have any questions, please reach out to the DCG [Contracts and Grants Officer](#) assigned to your unit.
